

Ultra-Kleen™ 553 Kleer

Food Grade Grease

Outstanding Load and Temperature Protection

Ultra-Kleen 553 Kleer Food Grade Grease begins with a high viscosity base oil that provides a superior lubricating film. We then add a robust additive package to protect bearings and sliding surfaces operating under conditions of heavy loading and high temperatures. Ultra-Kleen 553 Kleer reduces scoring and surface fatigue to extend equipment and component life. Ultra-Kleen 553 Kleer exhibits excellent oxidation resistance and is highly water resistant, providing protection against the harmful dilution and corrosive effects of water washout.

Ideal for can seamer spindles and rolls, rotary cookers, hammer mills, and dough sheeters. Ultra-Kleen 553 Kleer is the right choice for conveyor bearings, anti-friction and thrust bearings and any heavily loaded or high temperature applications that requires a clear food grade grease.

BENEFITS

- **High load carrying capacity to maximize equipment life**
- **Great high temperature performance**
- **Highly resistant to oxidation to ensure long lubricant life**
- **Exceptional water washout and corrosion resistance**
- **Clear and non-staining**

ULTRA-KLEEN™
Food Grade Lubricants

Ultra-Kleen Food Grade Lubricants feature high purity, non-toxic base oils and engineered additives to ensure optimum equipment performance while meeting or exceeding the safety guidelines of the food industry. The Ultra-Kleen product family includes a full line of food grade lubricants covering a wide range of applications including hydraulic systems, compressors, gearboxes and bearings as well as specialty applications such as freezers, ovens, chains and pneumatics. Our NSF registered and Kosher certified products keep your operation running smoothly. We are a manufacturer of ISO 21469 certified lubricants.

About Hydrotex

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.

Ask your Hydrotex representative how a partnership with Hydrotex can provide the lowest annual sustainable cost of lubrication.

- Improve Reliability
- Increase Uptime
- Optimize Efficiency

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.
