

Majestic™ 817 Food Grade Seamer Oil

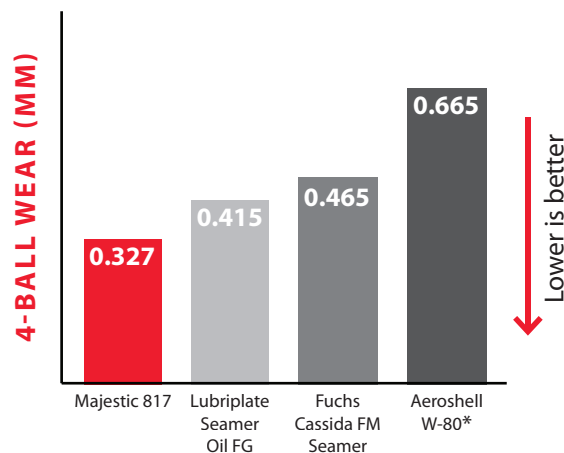

Fight Back Against Seamer Deposits and Corrosion

Your maintenance team works hard to fight production's number one enemy: downtime. Keep your can seamers and closers running smoothly with Majestic 817 Food Grade Seamer Oil, a premium performance, long lasting lubricant specially designed for the rigorous operating conditions of high speed seamers such as Angelus®. Majestic 817 Food Grade Seamer Oil provides excellent emulsification of water, juice and sugars to keep internal seamer components clean and free of deposits. It features superior anti-wear protection to maximize equipment life, and it aggressively defends your machines from rust and corrosion in the presence of water, salt, brine, acids and bases. Majestic 817 Food Grade Seamer Oil exhibits exceptional oxidation resistance and filterability of emulsified contaminants to ensure long life and allow for extended maintenance intervals.

BENEFITS

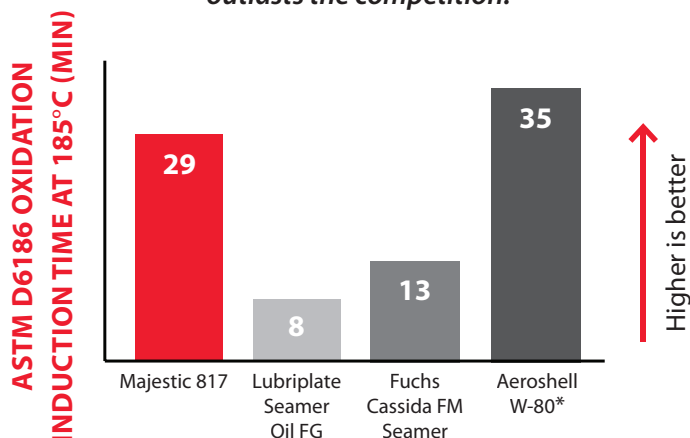

- Emulsifies water, juice and sugars to keep internal seamer components clean
- Prevents rust and corrosion, even in the presence of water, salt, brine, acids or bases
- Provides excellent wear protection under high speed and load conditions
- Superior oxidation resistance ensures long life
- High viscosity index for use over a wide temperature range
- NSF H1 Registered and ISO 21469 Certified (ISO 150) for Food Safety

Majestic 817 Food Grade Seamer Oil provides excellent wear resistance, as measured by ASTM D4172 4-Ball Wear

**Majestic 817 Food Grade Seamer Oil
outlasts the competition!**

**Majestic 817 Food Grade Seamer Oil fully emulsifies
water to protect internal seamer components.**

*While some OEMs have recommended aircraft engine oils such as Aeroshell W-80 in the past for seamer lubrication due to their high detergency and long life, it is strongly discouraged to use non-food grade oils to lubricate food processing machinery. Majestic 817 is designed to provide superior performance in an NSF H1 registered and ISO 21469 (ISO 150) certified food grade lubricant.

For optimal results use with:

ULTRA-KLEEN™

Food Grade Lubricants

Ultra-Kleen Food Grade Lubricants feature high purity, non-toxic base oils and engineered additives to ensure optimum equipment performance while meeting or exceeding the safety guidelines of the food industry. The Ultra-Kleen product family includes a full line of food grade lubricants covering a wide range of applications including hydraulic systems, compressors, gearboxes and bearings as well as specialty applications such as freezers, ovens, chains and pneumatics. Our NSF registered and Kosher certified products keep your operation running smoothly. We are a manufacturer of ISO 21469 certified lubricants.

About Hydrotex®

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to help improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.
