

Ultra-Kleen™ 555

White Food Grade Grease

Are you tired of losing bearings due to daily wash downs?

Keeping equipment operating efficiently is your responsibility. Your food processing equipment takes a pounding. After a hard day of starts, stops, and shock loads it gets blasted by its worst enemy...hot, soapy water. What can you do to better protect your assets? Using Ultra-Kleen 0555 Food Grade Grease protects your machines' bearings and your plant's productivity by maintaining a protective lubricant coating on machine components and keeping water out of bearing contact zones.

Formulated with adhesive/cohesive TK-5® polymers, Ultra-Kleen 555 stays in place, so parts stay protected and extended greasing intervals are maintained. Excellent for most medium to high speed bearing applications, Ultra-Kleen 555 is designed specifically for your food and beverage machines that require a tacky, tenacious grease.

BENEFITS

- **Tackiest grease in the Ultra-Kleen Series**
- **Anti-wear protection reduces friction and extends equipment life**
- **Extreme pressure protection**
- **Exceptional high load performance**
- **Excellent water washout & resistance to corrosion**
- **Superior oxidation inhibition**

ULTRA-KLEEN™
Food Grade Lubricants

Ultra-Kleen Food Grade Lubricants feature high purity, non-toxic base oils and engineered additives to ensure optimum equipment performance while meeting or exceeding the safety guidelines of the food industry. The Ultra-Kleen product family includes a full line of food grade lubricants covering a wide range of applications including hydraulic systems, compressors, gearboxes and bearings as well as specialty applications such as freezers, ovens, chains and pneumatics. Our NSF registered and Kosher certified products keep your operation running smoothly. We are a manufacturer of ISO 21469 certified lubricants.

About Hydrotex

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.

Ask your Hydrotex representative how a partnership with Hydrotex can provide the lowest annual sustainable cost of lubrication.

- Improve Reliability
- Increase Uptime
- Optimize Efficiency

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.
